

# HALLOWEEN IDEAS IN 2020

## FOR NEIGHBORHOODS:

### TO AVOID TRAFFIC AT YOUR DOOR/PORCH:

- \* Place a decorated table outside in front of the house or in parking area/garage and distribute candy from there following these recommendations:
- \* Have hand sanitizer available for candy distributors in your table
- \* Wear your beautiful Halloween masks when manning the table
- \* Candy handlers must keep their hands clean.
- \* Do not allow children to reach for the candy bowl, only distributors with clean hands are allowed to touch the bowl
- \* Give out individually wrapped candy or other goodies like pencils/erasers/toys

### ALTERNATIVES:

- \* You can leave small goodie bags with wrapped candy in your front step for kids to take on their own (and avoid them touching your door/doorbell), please make sure your hands are clean and you are wearing your mask when you prepare them.
- \* Organize a Costume Parade: all kids dress up and wear masks and keep 6 ft apart and they walk through the neighborhood and stop by the candy tables. Set specific time as you pass by houses kids join at a safe distance. Hopefully people will come out of their houses and watch from their front yard.
- \* Front yard decorating contest (or door decorating) and kids stay in their front yard while some of the parents in the community pass by with a decorated car and throw them candy (like from "floats" and using gloves and/or clean hands).
- \* Disinfect door/doorknob/doorbell after Halloween just in case....

## FOR PARENTS/KIDS:

- \* Do not allow your kids of any age to go out alone
- \* Do not allow kids to open candy when outside of the house
- \* Once back home, make sure they clean their hands and change into different clothing
- \* As always, check the candy making sure the wrappers are intact
- \* Give your bag with candy/toys a Lysol spray, wait 10 minutes and give them out.
- \* Disinfect door/doorknob/doorbell after Halloween just in case....

## ALTERNATIVES TO TRICK-OR-TREATING:

- \* Zoom/Remote/Virtual Costume Contest with friends and family
- \* Neighborhood Door decorating Contest --send pictures on WhatsApp or Next-Door apps
- \* Indoor scavenger Halloween hunt for your kids/family and friends in your "bubble"
- \* Cookie decorating (and contest if desired) at home with your kids/family and friends within your "bubble"
